To find out more about fostering or adoption

**Call:** 0800 0720 137 or **Visit:** [www.adoptionandfostering.hscni.net](http://www.adoptionandfostering.hscni.net)

The Southern Trust seeks to recruit foster carers and adopters. If you are resilient, flexible and have the energy and time to care for a child, come along to our information evening to find out more. Talk to experienced carers, meet with social workers, and learn more about specific children who need a permanent home for the rest of their childhood through long-term fostering or adoption. The event will also share information about emergency, respite, short-term and intensive support foster care.

Universal Children's Day recognises every child's right to:

**be protected**

**be educated**

**be healthy**

**be heard**

**be treated fairly**

If you cannot attend the event why not contact us to arrange an individual visit?
